

# Abyssinian Oil

*Crambe Abyssinica Seed Oil*

From the land of the ancient Nubian kingdoms and the territory governed by King Solomon and the Queen of Sheba comes this new, natural seed oil.

## Characteristics

- Offers spreadability with no tack
- Non GMO vegetable plant derived oil
- Biodegradable, Non-toxic, 100% Natural, Eco-Friendly
- Mild pleasant odour
- Penetrates the skin more easily than other vegetable oil due to its light texture.
- No greasy residue

## Benefits

- Easily absorbed into the epidermal tissue generating a very noticeable smooth texture to the skin
- Even in the case of highly wrinkled and/or exceptionally dry skin, it makes a significant improvement in tone and texture.
- Because it has a high fat content, it replaces essential lipids that have been lost to the skin
- Non greasy effective moisturisation
- Non-occlusive, does not block pores

## Applications

- Use neat:
  - As a Superior Massage Oil
- Add to:
  - Creams & Lotions
  - Body Wash, Spa Products, Liquid Soap
  - Lipsticks & Lip-gloss
  - Mascara & Eye Products
  - Foundations & Blushes
  - Shampoos & Conditioners
  - Styling Aids
  - Pomades
  - Relaxers & Texturisers
