Sweet Almond Oil

Botanical Name: Prunus Amygdalus Dulcis
Grade: Refined
Extraction By: Expeller Pressed
Parts Used: Seeds/Nuts
Appearance: Light Yellow Colour, Neutral Odour
CAS Number: 8007-69-0 / 90320-37-9

Refined Sweet Almond Oil is light yellow in colour and odourless for versatile application.

Sweet Almond Oil is rich in constituents, like vitamin E, Omega-3 fatty acids, phospholipids, and magnesium. Sweet Almond Oil is one of the best and most used oils for skin and hair care. Its texture is very light, so skin quickly absorbs the oil. Antioxidants like Vitamin E and A makes this oil powerful cosmetic ingredient, ideal for the entire body, especially for sensitive skin. It is well known in aromatherapy as good base carrier oil – it does not clog pores, has good anti-oxidant properties, combat stress and promote clear, soft, healthy looking skin.

Application:

Skin Care	Hair Care
Baby Care	Nail Care
Lip Care	Cosmetics
Massage	Aromatherapy

Benefits:

Highly Moisturizing
Emollient
Very Easy & Fast Absorption
